FIRSTGROUP AMERICA SELECTS IMAGE INTEGRATION SYSTEMS TO DELIVER FULLY INTEGRATED WORKFLOW, DOCUMENT MANAGEMENT SOLUTION

IIS DocuSphere Expected to Improve Productivity, Control of FirstGroup's Accounting Process; DocuSphere Integrates Seamlessly With Existing ERP

PERRYSBURG, Ohio – February 2, 2009 – Image Integration Systems (IIS), a leading workflow and document management solutions provider for business process management in high-volume transaction environments, announced its DocuSphere® software suite will provide an integrated workflow and document management solution to improve transactional business processes at FirstGroup America, Inc.

FirstGroup, the leading bus transportation services organization in North America, will implement the DocuSphere software in the Accounting Department at their Cincinnati, Ohio headquarters, and throughout their four operating divisions nationwide. The company operates and manages over 75,000 school buses, Greyhound Lines and other bus systems, and employs over 98,000 people. Initial DocuSphere applications will focus on improving key transactional business processes in Accounts Payable.

The IIS solution for FirstGroup includes DocuSphere Workflow, DocuSphere Auto Voucher and DocuSphere Content Manager. The DocuSphere JDE Integration module will be implemented to provide seamless interaction with FirstGroup's ERP system, JD Edwards EnterpriseOne from Oracle. IIS will also implement AnyDoc OCR for Invoices® from AnyDoc Software, Inc. for advanced OCR capture and data extraction from scanned documents.

"FirstGroup America selected Image Integration Systems because IIS has an impressive track record of improving transactional processes for companies like ours, said Mark Lawton, Chief Financial Officer for FirstGroup America. "We expect IIS software to help us improve productivity and accuracy in our accounting processes."

The initial planning and business process redesign work for the solution is currently underway. The solution is expected to go live during the first quarter of 2009.

"Image Integration Systems is excited at the opportunity to deploy our business process expertise and DocuSphere solutions to assist FirstGroup enhance and strengthen its Accounting system," said Bradley White, President of Image Integration Systems. "FirstGroup is highly regarded, and is now the largest bus transportation services company in the United States. IIS is pleased to help the company improve its process efficiencies and effectiveness, resulting in both cost savings and better control."
